## Grand Valley Trail *Temporary Reroute* Reference: MAP 10, Edition 6.0, 2nd printing

The image below shows a portion of Map 10 near Chicopee Ski Hill. Due to erosion along an embankment a short segment of the Grand Valley Trail will be closed (X'd out on map) until further notice as the city fixes the problem. The work will take about one year starting August 2011. The temporary route is mainly along Grand River Blvd and has been marked with temporary blazes (white on black boards) on utility poles. Heading in a northerly direction the trail now turns left along Grand River Blvd and then right at Manitoulin Crescent.
