## TRAIL CLOSURE and REROUTE

Reference: Map 11 Edition 7.0 <> Black Walnut Section  
effective November 15, 2015

At the request of the landowner of the Preston Sand and Gravel portion of Snyder's Flats, the Grand Valley Trail has been **closed** and rerouted starting at km 50.9 as shown on the map. The trail (solid red line), starting at km 50.9, turns right (north) and proceeds to Snyder's Flats Road. At the road, opposite the Bloomingdale Mennonite Church, the trail turns right (east) following Snyder's Flats Road to Sawmill Road at the Bloomingdale Park and Community Centre (formerly km 56.8, Edition 7). This closure/reroute removes about 5 km of the main Grand Valley Trail.

**SPECIAL NOTE:** The Grand River Conservation Authority still provides trails on its Snyder's Flats property. They may be accessed using Snyder's Flats Road. The Grand Valley Trail no longer passes through the GRCA land and therefore no trail there is blazed (marked) and maintained by the Grand Valley Trails Association.
