

April work parties

Each work party typically focuses on a different part of the trail and requires different types and intensity of work. We encourage you to read through the work parties taking place and participate in ones that are most exciting to you!

Please contact Emily at volunteering@gvta.on.ca to confirm your participation, and we'll see you out there! Check our website next week as we post additional events.

Date: Sunday April 10, 2022
